DUST THOU ENJOY HASHING? Run No. 15.

Hares: Phil Yeutter & Bob Cook.

Where: Jurong Track 22.

The hashers, having distinguished themselves from the cars, disappeared amongst clouds of red dust, losing some completely at the second check, it's said they were hunting the Great Green Bird from Far & North. The rest of the , by now, Red Indians padded on and on & on & on & on & on..... Reunited at the wagon, forked tongues and forked fingers abounded. The Last of the Squaws sauntered home 3/4 hour later, and sounded very enthusiastic about nocturnal game hunting. But by this time the Hash Turd had been awarded, something to do with Phil , I believe ??

The On - On was excellent, with doggy bags for those defeated by the mountains of makan.
