

REHASH RUN NO: 21 HARES - STU, STEVE & PHIL OUR COMING OF AGE.

Starting off with a long run out to the first check stretched out the pack, but being a good check, gave us back runners to catch up.

We ran on through Kampong and fishpond, the usual S/pore Kennel Club chorus easily drowning out the few "On On's".

Onto the first ditch, one Hasher "Is he a Novice?" we ask, lost his shoe in the mud. An attempt at bridge building also failed.

A good pace for a couple of miles to a well placed Tee Shirt check, sorting out the runners from the shortcutters.

"On On to the pipeline, a job on the tightrope is mine." Sparse paper sent the pack in the general direction of the booze truck.

First in on paper 7.13 pm. and of course finding the usual "non-paper runners" all back and into their 2nd beer!

All in all a good Hash, in a good Hash area, a bit long for many, but a memorable "Coming of Age."

Finale - One Black one,
One White one and,
One with a Piece of Shite On....

SCRIBES : NORMA & DAVE MCFARLIN

Having experienced a few on on's I find that all you so called HASHERS are bloody plonkies, lushies etc etc. still the booze is good and company as mad as ever so it cant be bad, many more on ons to come....

On on long and drawn out, just like the run, but what the hell, the more time for Hashes to spend together, On on.

On On with Lion City was enjoyable and bloody good. Hashing to keep fit and enjoy boozing. On ON for good.
