

REHASH RUN NO: 23

FAREWELL RUN - ANNA, STEVE & TOM.

Well, being a visitor here & writing this in lieu of Sue Carey, I would like to say thank you for welcoming me here.

After a very grave (sic!) begining & a very dubious first check-point, where everyone became disorganized (except Barry Mann, who decided to go for a mud-bath, very theraputic, for hippopotami at least?!).

After this first check it got decidedly better and very enjoyable indeed (well at least this hasher from the desert - or is it dessert!), enjoyed the greenery and the swamps and the mosquitoes!! Not to mention the smell of the poultry farms.

We proceeded further inland through mosquito infested swamps for at least 20 yards, where SURPRISE, SURPRISE!! we came across more swamps infested with spiders, mosquitoes & did anyone see any leeches?

After the grave beginings we had some even graver endings,( through most of a cemetery) & ended up on the same road for the on in ( on home for you lot, & wasn't it a long one ), where we were welcomed by the beer truck - on time for a change, so I'm told! After much refreshment & additional cacktail-bar, we went on to the down-downs for the hares & also one for Sue carey whose last hash this is !!?

The Makan was the usual sober affair?! Lots of food, booze & the singing of Rugby songs, this set the tone fot the evening.

A farewell note - I can't wait to get back to the desert & some drier, faster & more liquid (alcoholic?) runs!!

SCRIBE : ERIC MYLES ( DUBAI H<sup>3</sup> )

*Thank you ladies for a good run & a most on on,  
we will miss you all.*

HASH GRIPE:

Have we become a silent Hash??

Last Friday's Hash was the worst example yet of the front of the pack not calling, resulting in several people getting out of touch and lost!

NOTE:- WHEN YOUR'RE ON PAPER KEEP CALLING "ON ON".
