REHASH: RUN NO. 46 (7th October 1983)

HARES : SHEILA TRAZILL & CASEY LEAMAN  
MAUREEN AHLQUIST & COLIN TAN

SCRIBE: G.M. Mike

We all gathered some three weeks ago on the road to Punggol Fishing Port. By the time 6 pm came around we were a small motley crew, and so postponed the start (something that should not become the norm). Even after setting off at 6.10 straight through someone's private land (which earned the Hares a Down Down), we had people appearing from the woodwork as we looped along the beach towards Punggol Point.

After Crossing the Point a reverse action started to take place - as we looped thro 17th Avenue to Matilda's, People were seen disappearing into the woodwork (only to miss the Bag hand out point). Runners were in at all times by at least a dozen different variations (run routes that is!), but everybody had the chance to "buy" the Bag at the On On at Maureen's pad - all proceeds going to the Spastic Childrens Home.

REHASH: RUN NO. 47 (14th October 1983)

HARES : TAINA HELIN, YEN LIM, JOE HUME & STEVE BOGARD

SCRIBE: Susan Blakeway

After a long run to the first check (with lots of blue air around), on old familiar ground with nice greenery, we were treated to a long run with numerous checks over good hashing country.

For a change people were shouting ON ON! Keep up the good work.

A good turnout. Thanks to the Aussies for the Darwin Stubbies and Hash Songs, and the Hares for the Samurai Brainwarmer.

Excellent Makan - A good night all round!

Susan

REHASH SCRIBES

Scribes for each weeks run will be "volunteered" by one of the G.M.s sometime between 6 pm and the first check. So watch who's following you each week. Of course volunteers coming forward before the run would be most welcome.
